Personal Statement

I am an honest and reliable man with a willingness to work. With the help of my previous employment, I feel that I am a well rounded individual. I have a very friendly nature so therefore I am very easy to get along with. I work well on my own and as an excellent team member. While I have an excellent sense of humour this does not interfere with my ability to get the work completed. My previous employers have all spoken of my punctuality. I am not afraid of hard work and given the opportunity I will prove this to a new employer.
